WORK EXPERIENCE

McKesson, Jacksonville, FL. (Remote) - *Business Intelligence Analyst and GPO Support*

03/2024 - 10/2024

- Leverage DAX and PowerQuery to develop calculated measures in PowerBI.
- Design and implement visualizations, reports and dashboards in PowerBI.
- Conducted data modeling within PowerBI to optimize data structures.
- Execute data extraction, transformation, and loading (ETL) procedures using Snowflake, Toad Data Point, and SQL to manage complex data.
- Proficient in Excel, utilizing pivot tables, advanced formulas, conditional formatting, and XLOOKUP/VLOOKUP functions.
- Communicate effectively with VPs and stakeholders, delivering timely reporting for ad hoc requests.
- Refresh and republish dashboards to maintain up-to-date information.
- Conduct monthly audits of admin fee data to ensure accuracy before submission to GPOs.
- Author SQL queries for various reporting needs and enhance existing queries.
- Develop SQL automations using Toad Data Point to streamline processes.
- Proven ability to manage multiple tasks effectively and prioritize deadlines as required.

Specialtycare, Jacksonville, FL. - Neurophysiologist 06/2022 - 02/2024

- Analyze complex, real-time data to prevent damage to the nervous system during surgical procedures.
- Optimize the data to enhance waveform reliability and accuracy, minimizing the risk of false positives.
- Monitor patterns and trends for threshold alerts that signal the need for intervention, developing insights and solutions to ensure optimal patient care.
- Deliver detailed explanations of IOM services, conduct patient interviews, and effectively communicate technical concepts to over 83 surgeons and their teams.
- Proficient in NIM Eclipse and Cadwell Cascade Systems, encompassing technical problem-solving for software and hardware.
- Create customized reports by integrating unstructured data with patient medical history.

The Phoenix IOM, St. Louis, MO. - Neurophysiologist 06/2017 - 06/2022

Nuvasive Clinical Services/Biotronic, Jacksonville, FL. - Neurophysiologist 06/2015 - 06/2017
